

Managing Director, Portfolio Manager, Equity Management

Our client is a large investment management firm located in Chicago. This position is responsible as a portfolio team member for equity strategy and managing sectors as assigned. Responsibilities include performing company analysis, stock selection and sector analysis. Qualifications include a minimum of ten years of fundamental investment analysis experience with a concentration in equity management and a "value" approach to the investment process. Exposure to multiple industries is preferred. Position requires willingness and interest in working in a team portfolio management environment. An undergraduate degree and an MBA are required; a CFA is a plus.
