

About the CFA Society of San Diego

OUR MISSION

The mission of the CFASDD is to serve the needs of professionals in the investment decision making process by providing a forum for the exchange of information and ideas among its members, by enhancing members' investment knowledge, and by encouraging high ethical standards and professional conduct among all participants in the investment industry.

WHO WE ARE

The CFA Society of San Diego was founded in 1962 as the Financial Analysts Society of San Diego, Inc. to promote a high standard of ethics and sound professional standards of investment management and research, and to enhance professional knowledge and skills. In May 2004, AIMR became CFA Institute and in May 2005, the Society changed its name to CFA Society of San Diego (CFASDD), in order to more closely align with the CFA Institute and the Chartered Financial Analyst (CFA®) designation.
